Data breaches are hitting organizations everywhere at an alarming rate, but they don’t need to be catastrophic. Sontiq’s Breach Readiness Program delivers a cost-effective, proactive solution that empowers you to respond to a security incident promptly and recover quickly.

We’ll help you get ahead in order to minimize customer risk. Our comprehensive security and breach preparedness solution provides empowerment through education, planning, threat response, and victim assistance.

WE’RE HERE FOR YOU

Don’t wait for a security incident to happen — select Sontiq as your identity theft protection provider now and eliminate the stress. Our program is built specifically to address the evolving needs of businesses, while being affordable and ready to deploy.

You’ll benefit from:

• Educating staff with expert-developed materials
• Preserving confidence with a professional response engineered by identity protection and fraud experts
• Delivering a compliant and efficient breach response including custom notification letters and victim services
• A dedicated website tailored to your brand
• Access to a dedicated breach hotline

1. Verizon Mobile Security Index 2019
PREMIUM BREACH EMPOWERMENT

You'll get ongoing access to industry best practices that educate your employees about the latest breach news and steps to mitigate vulnerabilities. You'll benefit from:

- **Quarterly Breach Summary Reports** keeping you up-to-speed on latest security incidents and threat levels
- **Data Breach Alert Emails** to stay informed and meter personal vulnerabilities
- **Digital Assets** including data breach educational videos, blogs, & infographics
- **Webinars & Newsletters** providing latest tips and recommendations for protecting personal information

Our solution provides the full breadth of empowerment tools delivered through engaging materials that help to further reinforce the benefits of your program.
